

ROADLAZER™

RoadLazer RoadPak™ Systems

PROVEN QUALITY. LEADING TECHNOLOGY.

THERE IS NOTHING LIKE A GRACO ROADLAZER ROADPAK SYSTEM

Since 1997, Graco's RoadLazer has been the go-to system for many road and airport striping applications. Graco RoadLazer professional striping systems are recognized by experienced contractors as solid investments that perform reliably, year after year.

TRUST YOUR BUSINESS AND REPUTATION TO GRACO

Graco is committed to providing the highest quality airless striping systems available, backed by the industry's best warranty.

AMERICAN BUILT QUALITY

Quality Graco professional airless striping systems have been designed, manufactured, and assembled in the USA for over 25 years.

INDUSTRY-LEADING WARRANTY

Behind every Graco striping system is the industry's strongest warranty. You may never use Graco's warranty — but if you do, we will be there.

GRACO-ONLY SOLUTIONS TO KEEP YOU STRIPING

LESS SETUP TIME

Advanced Controller

- Built-in advanced patterns for quick recall
- Pattern preview gives a quick visual of colors and patterns selected
- Export capabilities allows for "proof of job"

GET DONE FASTER

Higher Output

- 10 gpm system supports 5+ guns
- High-capacity 1,350 lb bead tank

PATENT PENDING

MORE ACCURATE LINES

Steerable Carriage

- Joystick controller and variable speed adjustment
- Driver can focus on the road while a second operator focuses on striping

PATENT PENDING

5+ GUN CAPACITY

RoadPak HD Gun Bar

- 5 spray guns/5 bead guns
- EasyMark™ system allows for quick movement of guns

EASIER, LASER-STRAIGHT LINES

LazerGuide™ 3000 Long-Line Laser

- Improve productivity and accuracy on long-line applications
- Extend reference point up to 30 feet—not possible with a mechanical pointer
- Just line it up and go

IN-CAB HD DISPLAY

Roadview HD Camera

- Allows driver to see from behind the paint and bead guns
- Variable views with 6 mm and 16 mm camera options
- Easily match up old stripes

ROADPAK SYSTEM

VERSATILE ROAD STRIPING SOLUTION

With its modular design, the Graco RoadLazer RoadPak System is designed to be as easy to use as a walk-behind striper. The RoadPak System's high productivity means that you can stripe with high production speeds normally only found on Long-Line trucks.

RPS HYDRAULIC SYSTEM
5 gpm output

1- PUMP ROADPAK SYSTEM
Single-color applications

-OR-

2- PUMP ROADPAK SYSTEM
Two-color applications

BEAD TANK
450 lb capacity

NEW ADVANCED CONTROLLER
with airport and road patterns built in

NEW ADVANCED COOLING SYSTEM
2X cooling capacity

KOHLER® POWER
19 HP Engine

ADJUSTABLE GUN ARM BEAM

fits a variety of trucks and can be easily moved from left side to right side of truck

NEW ROADPAK GUN BAR
3-gun capacity and toolless gun adjustments

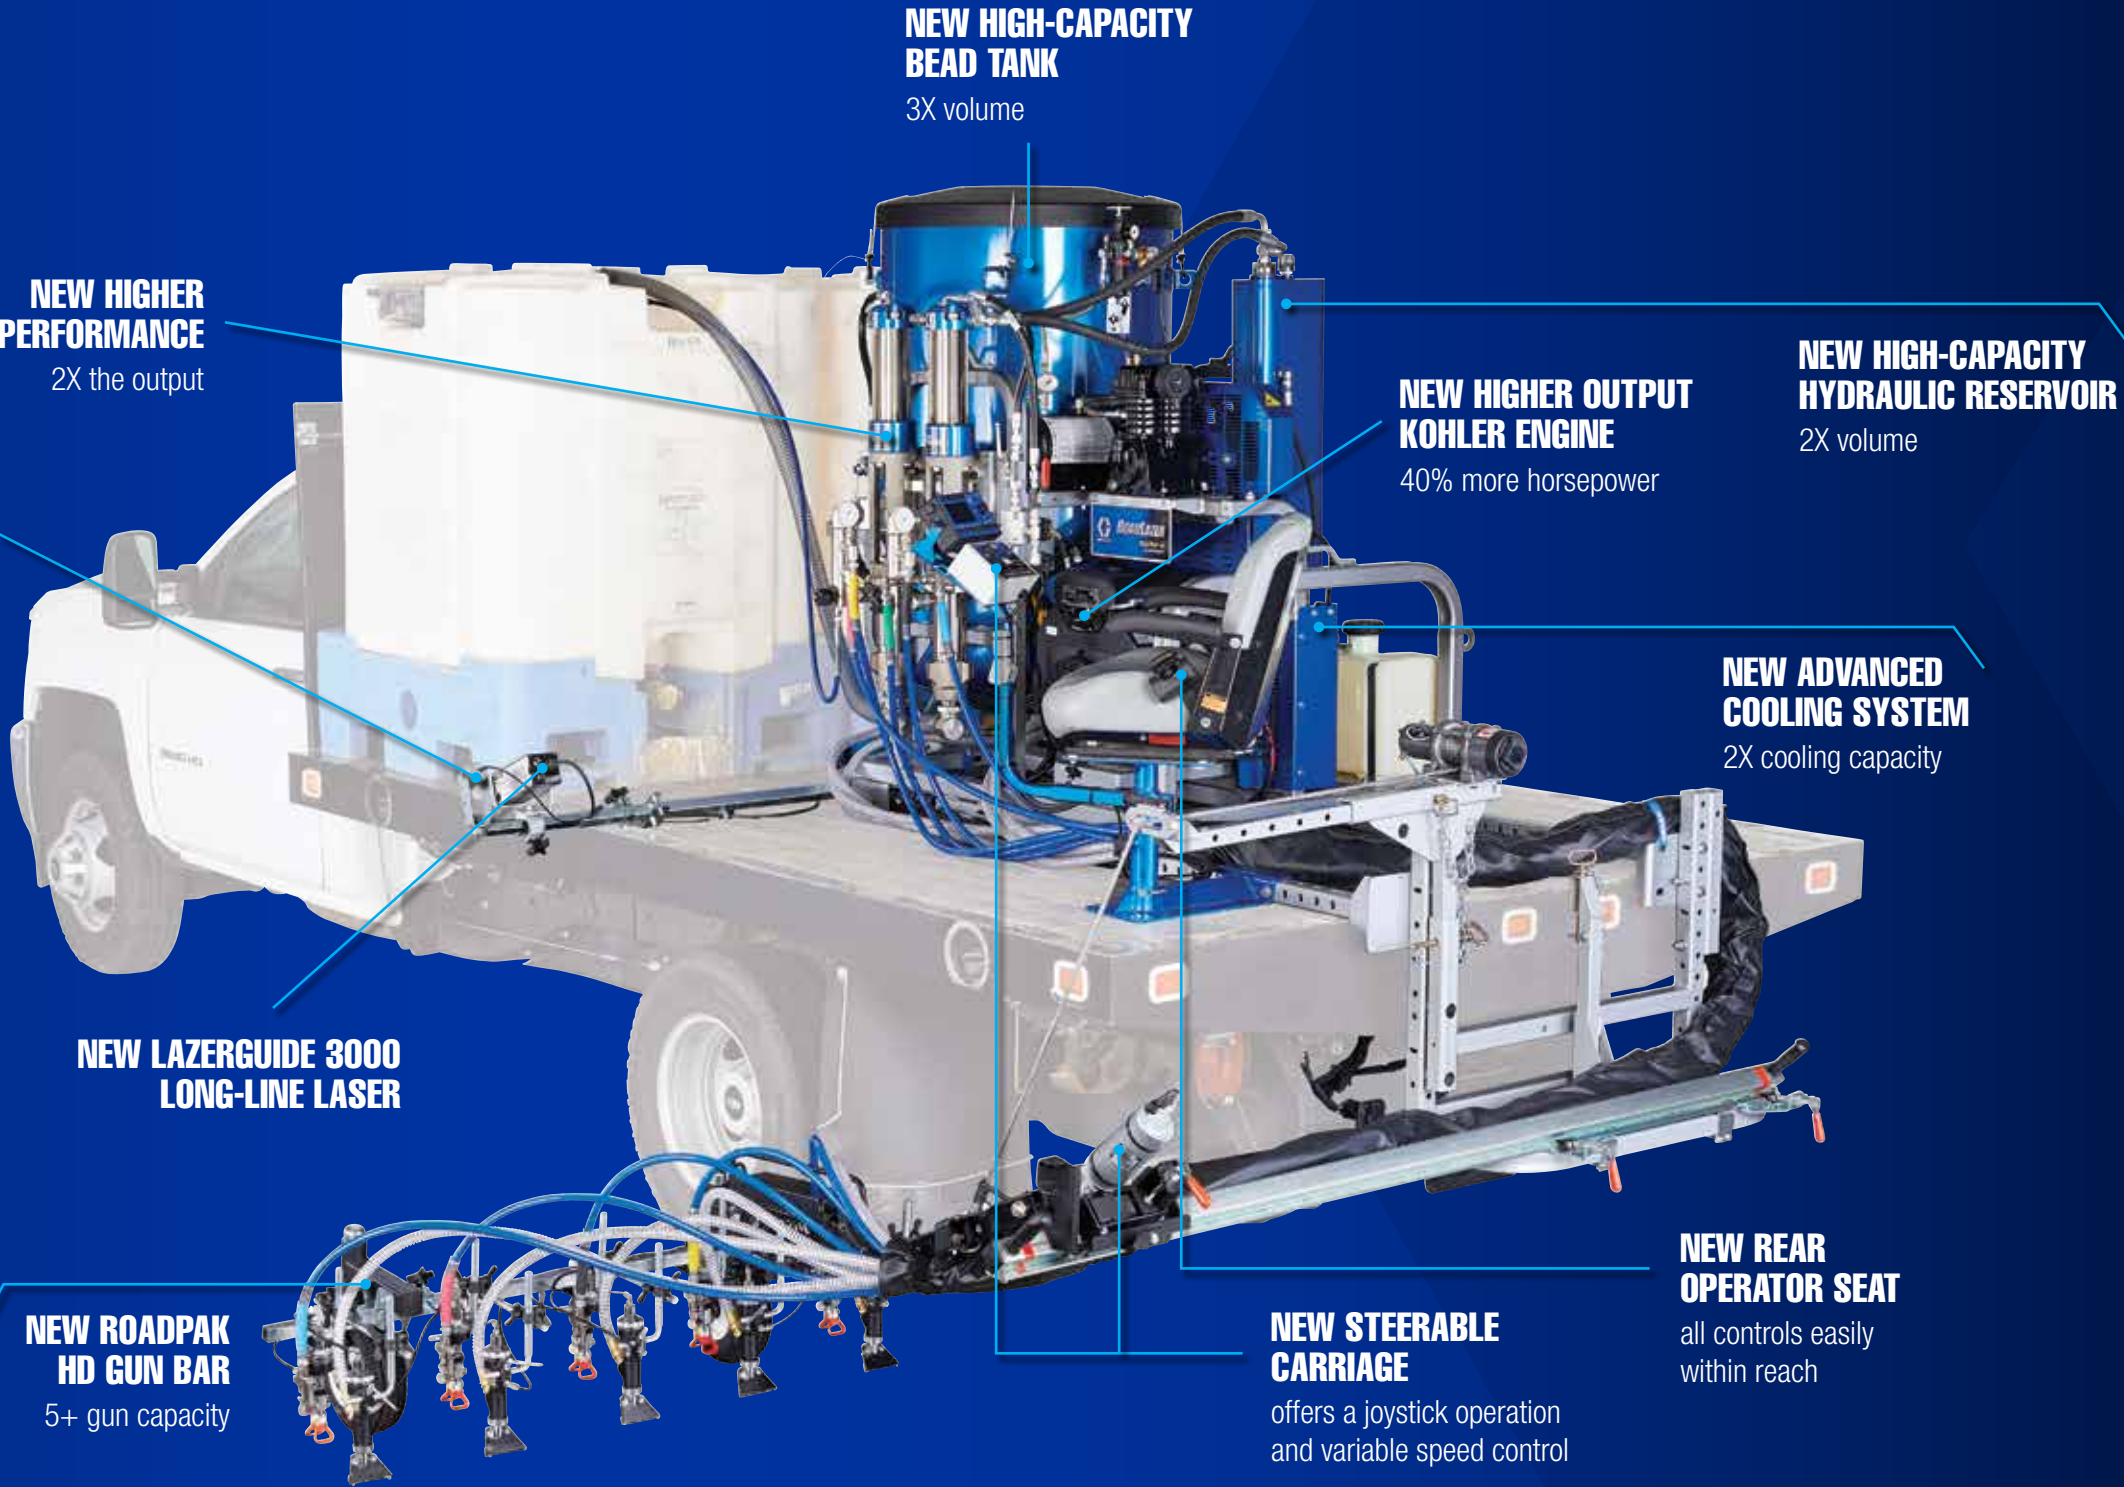

Also available as a Tow-Behind System

ROADPAK HD SYSTEM

HIGH-OUTPUT AIRPORT SOLUTION

Graco took the RoadPak to a whole new level with the RoadPak HD. With double the output and the ability to stripe with 5 or more guns, this is a high-productivity striping machine. Along with these performance improvements, there are also many other upgrades that will increase your productivity while increasing your line accuracy.

ROADPAK PUMP SYSTEM

HIGH OUTPUT, UNMATCHED RELIABILITY

HIGHER PRODUCTIVITY
Heavy-Duty RPS 2900 Hydraulic System

- Proven performer built off of our highly reliable GH™ 833, then optimized for road striping
- Maximum pressure of 2900 psi

FULL BEAD COVERAGE ON EVERY JOB
Bead Tank System

- Choose 450 lb tank or 1350 lb tank — depending on the size of your job
- Bead tanks are ASME rated and can drop at a rate of up to 40 lbs per minute
- Easier material loading with large fill spout opening
- Clear bead hose reduces heat and allows user to view bead flow

UNMATCHED RELIABILITY
Hydraulic Motor

- No-stall design you've come to expect from Graco-designed products

PROVEN PERFORMANCE
Displacement Pump System

- Industry-proven performance pumping striping paint for decades

DEPENDABLE AIR POWER
Heavy-Duty Compressor

- 100 psi at 13.1 cfm
- 2.2 gallon Accumulation Tank supports up to 5 airless guns and 5 bead guns

CUSTOMIZABLE DESIGN FOR EVERY JOB
Heavy-Duty Modular Frame System

- Modular design allows you to expand — adding paint and bead tanks
- Small frame size allows it to fit almost anywhere — from the back of a pickup or flatbed truck to the bed of a utility vehicle
- Heavy-duty steel frame is built to last

RELIABLE PERFORMANCE
Kohler Power

- 19 HP engine on RoadPak
- 26.5 HP EFI engine on RoadPak HD for high performance at all altitudes
- Over 15 years of reliable experience

ROADPAK GUN ARM

FAST SETUP, HIGH PERFORMANCE

GET THE JOB DONE FASTER
5+ Gun Capacity

- Allowing more lines to be done in a single pass — improving line quality and accuracy
- Additional support wheel for large airport applications

PERFECT GUN ALIGNMENT EVERY TIME
EasyMark™ Gun Adjustment System

- 100% toolless system for quick adjustments
- Guide market system for easy gun alignment

DELIVER MORE ACCURATE LINES
Rear Seat with Steerable Carriage

- Joystick controller and variable speed adjustment
- Allows driver to focus on the road while a second operator focuses on striping

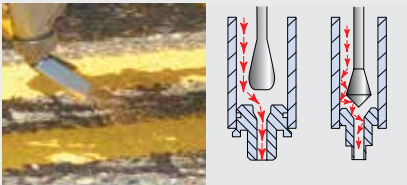

CRISP STARTS AND STOPS EVERY TIME
Double Acting Paint Spray Gun

- Perfectly synchronized double line striping
- Air-assisted shutoff ensures crisp drip-free results

COMPLETE BEAD COVERAGE
Double Acting Bead Guns

- Fully covers the paint line with beads
- Start and stop lines are matched
- 0-40 lb per minute

Graco offers a teardrop needle design so beads flow smoothly around the needle surface, limiting turbulence (bead chatter) within the gun for extended life.

ROADLAZER ROADPAK PUMP SYSTEMS	PART #
1-Pump RoadPak Module w/ 450 lb bead tank	25M701
2-Pump RoadPak Module w/ 450 lb bead tank	25M703
2-Pump RoadPak Module w/ 1350 lb bead tank	25M704
2-Pump RoadPak HD Module w/ 1350 lb bead tank	25M706

ROADPAK GUIDANCE SYSTEMS

IMPROVE LINE ACCURACY

ROADVIEW HD CAMERA SYSTEM

TACKLE LARGER JOBS WITH ONE OPERATOR

The RoadView HD Camera System allows single users to do the jobs once reserved for the big trucks — all from inside the striping vehicle.

TRUE WALK-BEHIND PERSPECTIVE

- Allows driver to see from behind the paint and bead guns
- Mount camera on the gun arm
- Travels from one side of the truck to the other without any adjustments
- Includes additional mounting hardware for application flexibility

CONVENIENT, PRESET PATTERNS

- Remote, hand-activated Switch System
- Control the start and stop with a push of your thumb
- Ideal for those tough re-stripe jobs

JOB FLEXIBILITY WITH MULTIPLE CAMERA OPTIONS

- 16 mm camera provides a farther-out view
- 6 mm camera provides a closer-in view
- Connect up to 4 cameras to 1 HD display and quickly toggle through views

LAZERGUIDE 3000 LONG-LINE LASER

EASIER, LASER-STRAIGHT LINES

Replace your clunky mechanical pointer to improve your productivity and accuracy for airports, roads, or anywhere a straight line is needed.

LONGER DISTANCE ACCURACY

- Extend reference point up to 30 feet — not possible with a mechanical pointer

HIGHLY VISIBLE LASER GUIDE

- Quickly locate the laser on all surfaces with Blink Mode

SAFER OPERATION

- Laser is in your natural driving field of view

FASTER, SIMPLE OPERATION

- Increase your maneuverability with no mechanical pointer in the way
- Just line it up and go — no need to leave the truck

LINELAZER RAC® 5 SWITCHTIP

CONTRACTOR-PREFERRED PERFORMANCE

For over 20 years, professional striping contractors worldwide have trusted the industry-proven quality and long life of LineLazer RAC 5 SwitchTips. Every tip is built to the highest standards and 100% tested for flow rate to consistently produce clean, sharp lines every time.

	IN	MM	.033	.035	.039	.043
LINE WIDTH	4	(100)	LL5333	LL5335		
	4-8	(100-200)		LL5435	LL5439	LL5443
	8-12	(200-300)		LL5635	LL5639	LL5643

Chart indicates the SwitchTip orifice size in inches.

WORN TIPS COST TIME AND MONEY

- A worn tip uses more paint
- Produces uneven coverage and inconsistent mil build
- Reduces production efficiency
- Results in poor, imperfect lines

ROADPAK ADVANCED CONTROLLER

FAST SETUP, SIMPLE OPERATION

CONVENIENT, PRESET PATTERNS

- Advanced patterns are built into the controller for quick recall

FAST AND EASY PATTERN VERIFICATION

Pattern Preview

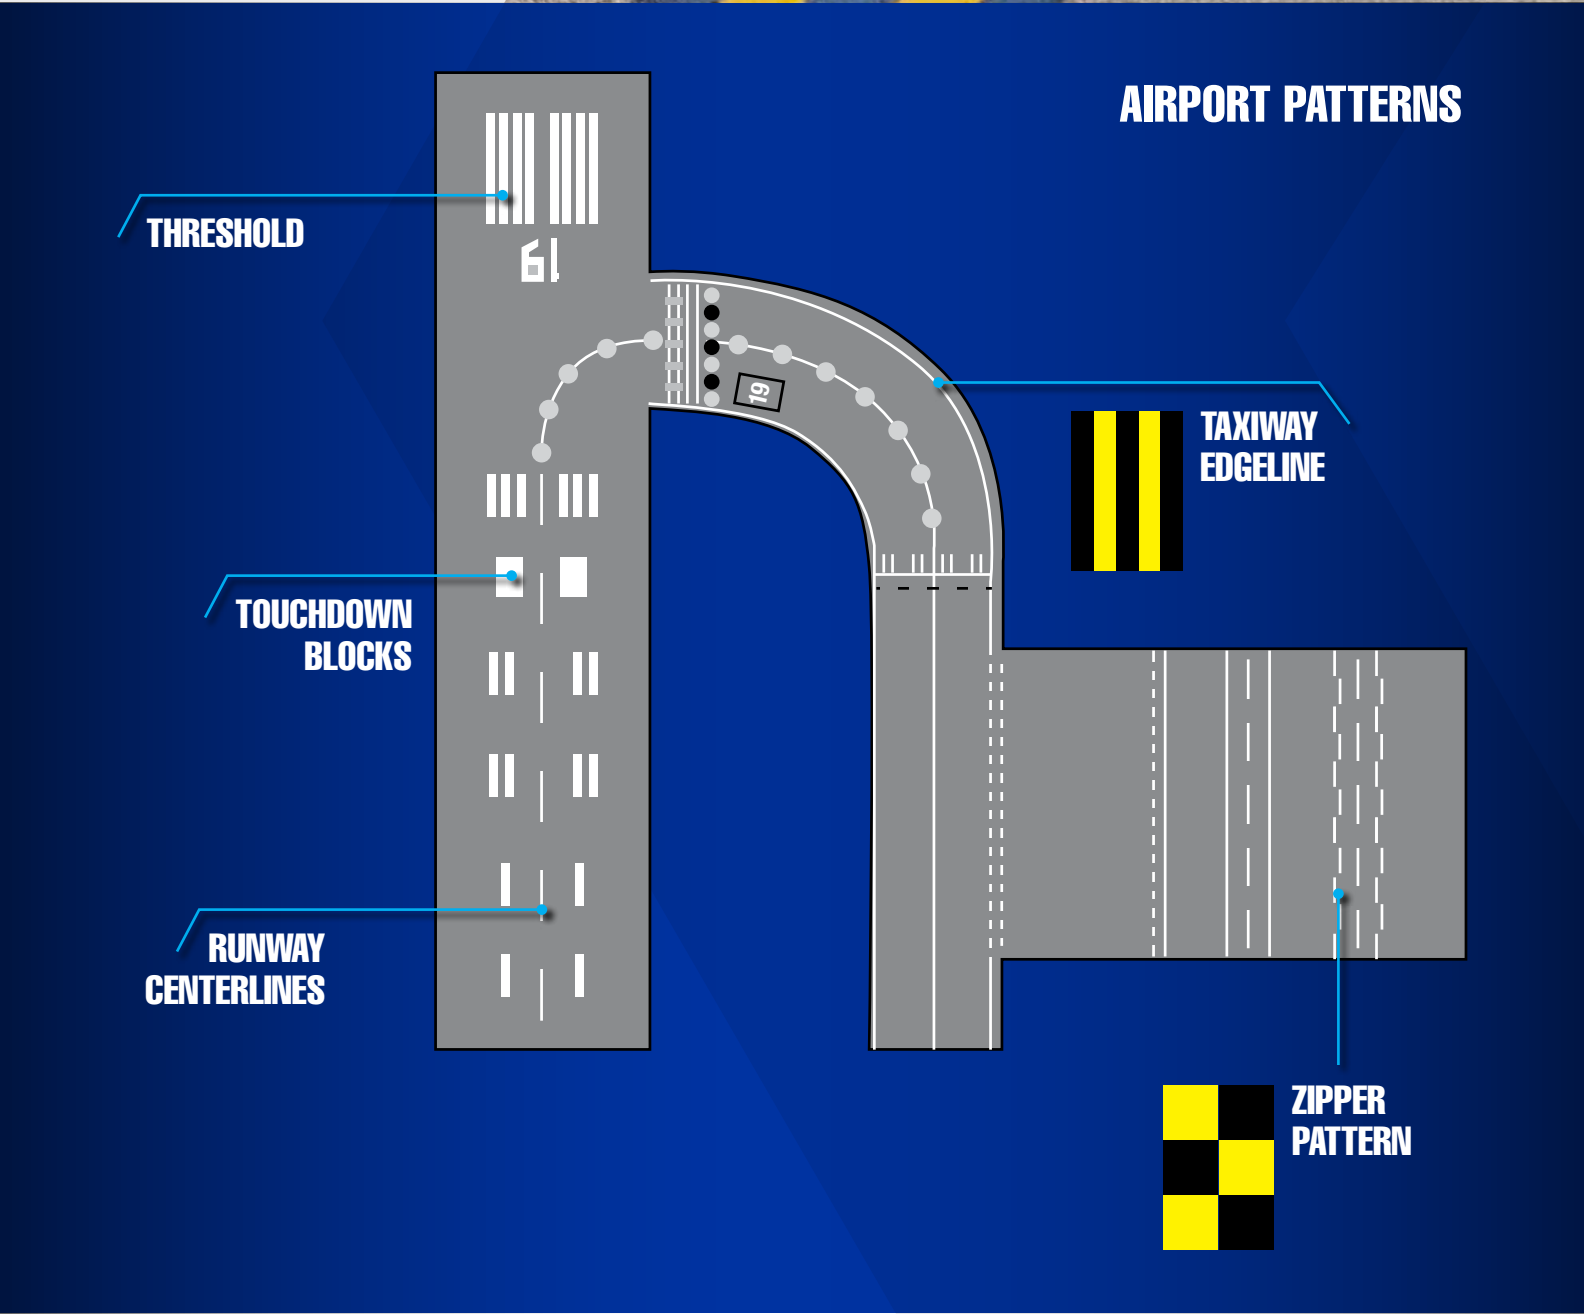

- Pattern preview gives a quick visual of colors and patterns selected
- Export capabilities allows for “proof of job”

QUICK GUN ACTIVATION AND CONTROL

5-Gun Toggle Control

- Individual toggle switches provide independent control of each gun
- Spend less time setting up and more time putting down lines

SPRAY WITH CONFIDENCE

Warranty Spray Protection

Behind every piece of equipment we manufacture is the industry's strongest warranty. You may never need to use Graco's warranty — but if you do, we will be there.

1-YEAR WARRANTY*

Coverage against defects in materials and workmanship on the entire striper.

3-YEAR WARRANTY ON KOHLER ENGINES

If the Kohler engine fails from normal use, we'll replace it under warranty for the original owner within the first 3 years.

CONVENIENT SERVICE

Graco offers more than 5,500 authorized distributor locations in North America and over 700 locations to administer warranty repair.

DOWNTIME ELIMINATOR PROGRAM*

Part needed for a warranty repair not in stock at your distributor? Get FREE next business day airfreight delivery when distributor orders the part by 2 p.m. CST.

*NORTH AMERICA ONLY. See your local Graco Distributors for country specifics.
See printed product warranty for complete warranty terms and conditions.

Nobody else builds stripers like this.

Finish Every Job, Every Time

Downtime is costly. With the Endurance Advantage Program, you'll never need to worry about it again. Depending on the sprayer you purchase:

**Receive up to 70% OFF the list price of an Endurance Pump
OR — Receive a FREE Repair Kit if you'd rather repack your own pump.**

Follow the registration instructions included with your sprayer.

Every Graco purchase comes with A+ Customer Service.
